- 1) Municipal Manager's quality certification
- 2) Budget Locked certificate

VISION:

Ndlambe Municipality strives to be a growing and investment friendly region that provides sustainable, efficient, cost-effective, adequate and affordable services to all citizens in a healthy and safe environment by 2025.

MISSION:

To achieve our vision by enabling optimal performance within each of the five key performance areas of local government within the context of available resources.

VALUES:

- Commitment
- Transparency
- Honesty
- Trustworthiness
- Care

MAYORS REPORT

Part 1 – Annual Budget

1) Mayors Report:

NDLAMBE LOCAL MUNICIPALITY (EC 105)

Hon. Mayor: Cllr. S R Tandani's tabling of IDP/Budget for 2014/15 Financial Year for Council's adoption: 30th May 2014

Madam Speaker;

Hon. Councillors;

Municipal Manager and Officials;

Organised labour representatives present;

Members of the gallery;

The media houses;

Honoured guests and ladies and gentleman,

Madam Speaker, allow me this morning to table the Integrated Development Plan/Budget for 2014/15 financial year for council's consideration and adoption in accordance with the provisions of Local Government: Municipal Finance Management Act, 56 of 2003.

Both the Local Government: Municipal Finance Management Act and Municipal Systems Act of 2000 direct this council to consult our communities on IDP/Budget related matters and allow and consider the views of our people. Indeed that has taken place from the 19th to the 22nd of May 2014 and the views of our stakeholders have been considered in this IDP/Budget.

It must also be acknowledged that 2013/14 financial year was indeed a challenging year but we have managed to keep our cash flow floating. Our community needs always exceeds the budget projections and the challenge of not having substantial capital budget to address infrastructure backlog and our desire to replace the ageing plant still persist. Madam Speaker, sometimes we have to take bold decisions that relates to IDP/Budget and financial management in general. I table this IDP/Budget for 2014/15 financial year for approval and having taken into consideration what has been raised by the Auditor General in the 2012/13 Audit Report and the views of our communities.

Madam Speaker I am also proud to attest to the good work done by this administration since elected in 2011. Port Alfred Central Business District improvement programme is the case in point. The replacement of Port Alfred sewer ponds to the tune of 39 million is a milestone in addressing our sewerage backlog because many households will be able to be connected into the system. The improvement of Port Alfred CBD internal roads is another milestone. In our former townships we are busy providing bulk services and in Nemato we have started using Municipal Infrastructure Grant funding in the tune of 16 million. We have also received an amount of 39 million from Nachure to replace 2290 pit latrine toilets and bulk services in Nemato. Bathurst has been allocated an amount of 21 million for bulk services for this financial year; this is MIG project and is under design stage. Madam Speaker we have also allocated an amount of 25 million MIG funding for 2014/15 financial for sewerage bulk services in Marselle Township. The upgrading of Ward 1 (kwaNokqubela) sport field has been allocated and amount of 3.1 million MIG funding in this current financial year and MIG funding has also been allocated for the upgrading of Nemato sport field. The Thornhill 25 million Multipurpose Centre project in Port Alfred is near completion.

Madam Speaker we have paved a number of municipal roads both in town and townships and some of our roads were done using concrete slab which proved to be sustainable.

Madam Speaker be that as it may we have to consider quite seriously the issue of over reliance on National Grant funding. We have been warned by the National Treasury and sector departments that the national fiscal is drying up. In answering this we have to examine our inability to collect bad debt. Consumer debt is sitting at

90 million and the debt owed by our staff is sitting at R 600,000 (six hundred thousand). This requires the council's serious consideration going forward.

Madam Speaker when this budget was prepared a number of economic factors and realities were taken into consideration. Issues such as inflation rate, the increase in prices of food and petrol which are influenced by our country's slow economic growth. We have considered the hard or trying conditions that our people find themselves in as a consequence of global economic factors. We have also considered the ever increasing needs of our communities and the unfortunate situations the majority of our people find themselves living under.

Madam Speaker and Hon. Councillors the above realities and considerations made us to believe that we have to be smart and bold when presenting 2014/15 IDP/Budget. We have to deal with our infrastructural challenges using our internal generated revenue. We have to think hard as to how and when to replace the municipal ageing plant and equipment in order to deal with maintenance of our municipal infrastructure.

Madam Speaker and councillors without wasting any time, I table the IDP/Budget for 2014/15 financial year for approval by council. From now the Budget Committee has met to refine and made some proposal where departments can cut back. However, I am considered of the decrease on our maintenance budget and this is becoming a trend on a yearly basis.

I therefore hereby present the 2014/15 IDP/Budget for approval:

Own revenue:	R 232, 630, 613
Grant revenue:	R 94, 802, 000
Total revenue:	R 327, 432, 613
Operating expenditure:	R 250, 123, 907
Grant operating expenditure:	R 68, 071, 938
Grant Capital expenditure:	R 26, 730, 062
Total expenditure:	R 344, 925, 907

The proposed tariffs percentage increase to generate our own revenue is as follows:

12% is proposed on rates, 100% on sanitation, 14.75% on electricity, 12% on sewerage, 5, 5% on water and 5, 5% on miscellaneous. Capital needs is an amount of R 13, 833, 839 and salary increase is estimated at 8, 5% including notches for the 2014/15 financial year. These proposed tariffs if approved by council will apply from the 1st of July 2014 to the 30th of June 2015.

That the various tariffs as set out in the budget document for the financial year 1st July 2014 to 30 June 2015.

Madam Speaker I wish to thank the MM, CFO and the Budget Treasury Office for putting together this draft budget. I wish also to thank this council for its support.

!!! I thank you!!!

EXECUTIVE SUMMARY

3) EXECUTIVE SUMMARY OF THE MUNICIPAL MANAGER, ROLLY DUMEZWENI, ON THE 2014/2015 DRAFT BUDGET OF THE NDLAMBE MUNICIPALITY

The Ndlambe Municipality budget was a difficult budget to compile with the continued economic crisis that is impacting on us. Although many say that the economy is slowly recovering we are not noticing the recovery or feeling the recovery in our revenue collection rates. It is critical that everything possible is done to collect outstanding debt due to the municipality but at the same time ensure that the costs of the services that we provide are affordable to the consumers.

The tabled budget put forward provides for total operating revenue of R232 630 613 the 2014/2015 financial year.

Revenue from property rates is budgeted at R81 160 277. To achieve the budgeted income, rates have been increased by 12 % for the 2014/2015 financial year.

Revenue from water is budgeted at R41 070 491. To achieve the budgeted income, water charges have been increased by 5.50% for the 2014/2015 financial year.

Revenue from electricity is budgeted at R53 789 208. To achieve the budgeted income, electricity charges have been increased by 14.75% for the 2014/2015 financial year.

Revenue from sewer is budgeted at R12 917 230. To achieve the budgeted income, sewer charges have been increased by 12% for the 2014/2015 financial year.

Revenue from refuse is budgeted at R14 856 376. To achieve the budgeted income, refuse charges have been increased by 5.5% for the 2014/2015 financial year.

The tabled budget put forward for adoption provides for total operating expenditure of R250 123 907.

Expenditure on employee related costs are R93 183 491. Employee related costs represent 37% of the total expenditure budget. No new posts have been added into the budget, only the posts that existed in the 2014/2015 financial year have been budgeted for. Employee related costs include all employees of Ndlambe Municipality but excludes Councilors allowances.

Expenditure on general expenditure has increased is R141 072 515. General expenditure represents 56% of the total expenditure budget. General expenditure includes the bulk purchase of electricity and water as well as Councilors allowances.

Expenditure on repairs and maintenance is R13 377 600. Repairs and maintenance represents 5% of the total expenditure budget.

Expenditure on contributions to capital outlay is R14 33 810. A contribution to capital outlay represents 1% of the total expenditure budget.

References

- Government Finance Statistics Functions and Sub-functions are standardised to assist the compilation of national and international accounts for comparison purposes
- Total Revenue by standard classification must reconcile to Total Operating Revenue shown in Budgeted Financial Performance (revenue and expenditure)
- Total Expenditure by Standard Classification must reconcile to Total Operating Expenditure shown in Budgeted Financial Performance (revenue and expenditure)
- All amounts must be classified under a standard classification (modified GFS). The GFS function 'Other' is only for Abbatoirs, Air Transport, Markets and Tourism - and if used must be supported by footnotes. Nothing else may be placed under 'Other'. Assign associate share to relevant classification

References

1. Municipalities may choose to appropriate for capital expenditure for three years or for one year (if one year appropriation projected expenditure required for yr2 and yr3).
2. Include capital component of PPP unitary payment. Note that capital transfers are only appropriated to municipalities for the budget year.
3. Capital expenditure by standard classification must reconcile to the appropriations by vote.
4. Must reconcile to supporting table SA20 and to Budgeted Financial Performance (revenue and expenditure).
5. Must reconcile to Budgeted Financial Performance (revenue and expenditure).
6. Include finance leases and PPP capital funding component of unitary payment - total borrowing/repayments to reconcile to changes in Table SA17.
7. Total Capital Funding must balance with Total Capital Expenditure.
8. Include any capitalised interest (MFMA section 46) as part of relevant capital budget.

OVERVIEW OF ANNUAL BUDGET

PART 2 – SUPPORTING INFORMATION

1) OVERVIEW OF THE ANNUAL BUDGET PROCESS

The annual budget process plan is attached below. The budget process plan indicated all the key deadlines that needed to be met to ensure that a credible budget was produced for presentation to Council on 30 March 2013.

NDLAMBE MUNICIPALITY

IDP/BUDGET TIMETABLE FOR THE 2014 /2015 FINANCIAL YEAR

COMPLETION DATE	ACTIVITY	RESPONSIBILI TY
29 August 2013	IDP/Budget timetable to be presented to all councillors / managers / directors. Budget policies, guidelines and instructions to be presented to all councillors, managers and directorates	IDP/Budget Office
17 September 2013	IDP/Budget Steering Committee: Present and emphasise expectations regarding the IDP/Budget process plan.	IDP/Budget Office
18 September 2013	Managers / directors to have held a staff meeting with staff in their directorate responsible for compiling part of the budget timetable, policies, guidelines and instruction are to have been discussed.	All Managers / Directors
02 October 2013	Managers / directors to have held a meeting with ward councillors to discuss the budget timetable, policies, guidelines and instructions and to have set up community participation meetings for input into both the capital / operation budget for the ensuing three years.	All Managers / Directors
24 October 2013	Ward councillors/Managers/Directors to have completed all community participation meetings to gather information to be used in setting up Budget plans on Capital/Operational Budget and tariffs.	All Ward Councillors/ Managers/ Directors

12 November 2013	Draft operational / capital budgets and tariffs to have been completed and submitted to the Budget Office together with detailed plans (SDBIP) on all expenditure / income to be incurred for the ensuing three years. Directorates to have updated the situational analysis, objectives and strategies including their project register.	All Managers / Directors
27 November 2013	IDP/Budget Steering Committee: Monitor submissions from directorates.	Mayor
12 December 2013	IDP/Budget plans, capital / operational budget to have been consolidated.	IDP/Budget Office
30 January 2014	Managers / directors to have met to discuss draft capital / operational budget to ensure that anticipated expenditure meets parameters set out by National / Provincial Government.	Directors / IDP/Budget Office
16 February 2012	IDP/Budget Steering Committee: Discuss any anticipated changes to draft operational / capital budget to meet parameters as set out by National / Provincial Government.	Mayor
27 March 2013	Mayor to have tabled budget, resolution, plans and changes to the IDP to Council.	Mayor
30 April 2014	Mayor to have completed public hearings on the IDP/ Budget where managers and directors present their IDP/ Budget plans to the community.	Mayor
28 May 2014	Mayor to have presented final IDP/Budget to Council for adoption and to have included operating / capital budget, resolutions, tariffs, capital implementation plans, operational objectives, changes to IDP and Budget plans.	Mayor
05 June 2014	Mayor to have published IDP/capital / operational budget and tariffs	IDP/Budget Office
11 June 2014	Capital / operating budget to have been presented to National Treasury and DPLG.	IDP/Budget Office
18 June 2014	Municipal Manager to have submitted the final SDBIP to the Mayor for approval.	Municipal Manager

OVERVIEW OF ALIGNMENT OF ANNUAL BUDGET WITH IDP

2) OVERVIEW OF ALIGNMENT OF ANNUAL BUDGET WITH THE INTEGRATED DEVELOPMENT PLAN

Directorates were required to align all operating and capital expenditure to the goals and actions as set out in the Integrated Development Plan. On the capital budget, the operating budget and the service delivery budget implementation plan directors need to provide IDP numbers where possible to highlight the linkages. The budget is linked to the following main strategic goals and objectives as per the Integrated Development Plan;

- Basic Services Delivery
- Municipal Institutional Development and Transformation
- Local Economic Development
- Municipal Financial Viability and Management
- Good Governance and Public participation
- Cost effective and sustainable service delivery

Through the process of drafting the Integrated Development Plan and the budget the key responsibilities of the Ndlambe Municipality were taken into account;

- Provide democratic and accountable government for all local communities of Ndlambe
- Ensure the provision of services to all the Ndlambe community in a sustainable manner
- Promote social and economic development
- Promote a safe and healthy environment
- Encourage the involvement of all communities and community-based organizations in the matters of local government
- Maximizing of infrastructural development through the utilization of all available resources
- Implementation of effective management systems, internal controls and procedures
- Ensure we have a skilled, committed and motivated workforce
- Comply with the Batho Pele principles

MEASURABLE PERFORMANCE
OBJECTIVES & INDICATORS

3) MEASURABLE PERFORMANCE OBJECTIVES AND INDICATORS

Finance Directorate

The finance budget was compiled considering the following main key performance areas and taking into account finances objectives and indicators set to meet the set objectives.

The finance directorate is a support directorate so all work done at finance impacts on all wards so no indicators are ward specific.

<u>OBJECTIVE</u>	<u>INDICATORS</u>
Achieve blue Drop status in all formal supplies within a sustainable, affordable and effective manner	Reduction in non-metered water, with all household connections metered by 2014
Continuous supply of sufficient potable water that meet national compliance standards throughout Ndlambe	<ul style="list-style-type: none"> ▪ Decrease in number of households without potable water
	<ul style="list-style-type: none"> ▪ Water supplied as per DWAF standards
	<ul style="list-style-type: none"> ▪ Decrease in water shortfalls during peak season by 1000 kilolitres per day
	<ul style="list-style-type: none"> ▪ Decrease in number of households without potable water
	<ul style="list-style-type: none"> ▪ Increased investment in the upgrade of the existing infrastructure by 5%
Reticulated waterborne sewerage for all Ndlambe households to increase by 10% per annum	<ul style="list-style-type: none"> ▪ Decrease in number of households using septic tanks and pit latrines
	Increase in investment in the upgrading of the existing infrastructure by 10 % per annum
	<ul style="list-style-type: none"> ▪ Increase in investment in the

	<p>maintenance of existing infrastructure by 10% per annum</p>
Achieve Green drop status in all formal waste water systems within a sustainable, affordable and effective manner	<ul style="list-style-type: none"> ▪ Approved operation and maintenance policy for all sewerage infrastructure
Community of Ndlambe has access to good quality roads built according to applicable standards within the next five years	<ul style="list-style-type: none"> ▪ Kilometres of roads with block paving
	<ul style="list-style-type: none"> ▪ Kilometres of roads upgraded
	<ul style="list-style-type: none"> ▪ Approved Storm-water management Plan
Adequate shelter for all people throughout Ndlambe with specific reference to low income households	<ul style="list-style-type: none"> ▪ Reduction in the number of unoccupied houses ▪ Reduction in the number of households living in informal settlements
The Community of Ndlambe has access to a reliable and consistent supply of electricity and street lights as provided by Manelec and ESKOM	<ul style="list-style-type: none"> ▪ Response time for fixing non-functional lighting and electrical supply in Port Alfred and Alexandria ▪ Increase in the percentage of targets met by service providers as per agreement
Ndlambe Municipality to utilise and manage the available land in a sustainable manner	<ul style="list-style-type: none"> ▪ Reviewed and Council approved SDF
	<ul style="list-style-type: none"> ▪ Reduction in number of land use practices/decisions that are not aligned to the approved SDF

The key areas that are to be looked at and that were taken into account when developing the finance objectives and indicators were;

- That no borrowing would take place during the 2014/2015 financial year due to the fact that it would not be possible to sustain additional loan repayments
- That maintenance should be increased to ensure the safety of our capital assets. Budget control will have to be a main focal point during the 2014/2015 financial year to ensure that money budgeted for maintenance is spent before “nice to have expenditure” is incurred.
- Budget control must be a main focus point to ensure liquidity. With reserves been depleted, it is important that cash flow is managed to the optimum and that expenditure matches available cash
- The management of debtors and creditors is one of the most important objectives we need to give attention to. It is critical that debt is recovered and that current accounts payment levels are increased to 95% as a minimum.
- The mix of expenditure is to be monitored throughout the year to ensure an equitable mix. Available cash cannot fund only employee costs and other fixed costs. The cash flow must fund all parts of the expenditure budget
- Throughout the year we need to look at ways to maximize our revenue sources. We also need to look at how we rent and sell our assets. We must ensure that market related prices are charged at all times
- Electricity and water losses need to be managed and all losses are to be accounted for. It is critical to know what our losses are and what has been done to minimize the losses.

The revenue for finance on both operating and capital is predominantly from rates with a small percentage coming from grants. Finance does generate a small amount of revenue from providing services to the community but this revenue cannot be considered as a major revenue source.

In developing the finance objectives the integrated development plan was taken into account and a finance service deliver budget implementation plan was drawn up to meet the objectives during the 2014/2015 financial year. The finance directorate considered ways to assist with economic development initiatives that would lead to job creation and alleviate poverty. Not many areas could however be identified but it was decided to utilize unemployed citizen to assist with the indigent program and asset program.

The finance directorate is not a service delivery directorate but is critical in assisting the service directorates with budget control, providing cash resources and procurement. Here again the collection of debt is paramount so that the service delivery directorates have the cash resources to deliver on their mandates.

OVERVIEW OF BUDGET ASSUMPTIONS

5) OVERVIEW OF BUDGET ASSUMPTIONS

Numerous factors contributed to the 2014/2015 financial year's budget being one of the most difficult budgets to fund. The economic conditions in which we have had to operate over the past year have resulted in an increase in outstanding debtors and limited funds going to capital development and maintenance. The continued high increases imposed on electricity and the increases projected for outer years not only impacts on electricity purchased for re-sale but has a negative impact on operational budgets due to the electricity consumed by water and sewer treatment plants, municipal buildings, street lights and high mast lights to name a few. With the increase in electricity and the wage increase negotiated by SALGA it was impossible to remain within the growth parameters recommended by National Treasury.

Over the past few years Ndlambe Municipality has had no capital procured from internal funds and repairs and maintenance expenditure has been curbed to balance the budgets ensuring that the increases imposed were acceptable to all stakeholders.

Assumptions used in drawing up the operating budget were;

- ESKOM increase of 14.75%
- Negotiated salary increase and notch increase totaling 8.5%
- Growth in local economy 0%
- Cost escalation 10%
- Increase in borrowing 0%
- Collection rate 65%
- Equitable Share use for basic services 100%
- Bulk purchase of water 75%

Using these assumptions and trying to keep the increase to consumers at affordable levels has once again impacted on both the capital and operating budgets.

OVERVIEW OF BUDGET FUNDING

6) OVERVIEW OF BUDGET FUNDING

The funding of the operating budget for the 2014/2015 budget is predominantly from rates, service and usage charges with little been funded through grants and subsidies.

Of the income of R82 532 311 budgeted for from rates, service and usage charges, R61 447 000 is to come from the equitable share.

The environmental health operating budget is funded through subsidies from the health department and CACADU respectively.

Operating Revenue

Funding Source	2014/2015 Budget
Rates	R81 160 277.00
Sewer and Sanitation	R15 986 927.00
Water	R41 070 491.00
Electricity	R53 789 208.00
Refuse	R14 856 376.00

The expenditure will only be incurred if the cash flow permits.

Capital Expenditure

See Annexure on Capital Expenditure and Grant Funding

Limited capital expenditure has been budgeted for from internal funding and the expenditure from grant funding will only be incurred once the funds have been deposited into the municipal bank account.

From the capital expenditure table it is clear that the Ndlambe Municipality internal reserves are almost depleted and that we are still reliant on government grants and external funding. It is now essential that all projects are carefully considered and that the impact of the funded projects on the operation budget, infrastructure network and availability of water be taken into account before they are approved. It will be detrimental to continue with funded projects if our operational budget will not be able to carry them, the infrastructure network does not have the capacity to accommodate it and water is not available for the project.

Ndlambe Municipality has reached its borrowing capacity so external loans to fund capital expenditure should not be considered at this point in time.

EXPENDITURE ON ALLOCATION AND
GRANT PROGRAMMES

7) EXPENDITURE ON ALLOCATIONS AND GRANT PROGRAMMES

Finance Management Grant R1 800 000

This grant will be utilized to promote and support the reforms in financial management on the implementation of GRAP and compliance with the Municipal Finance Management Act. The grant is also utilized to fund the internship program of National Treasury. Ndlambe Municipality has five interns and they need to be trained to be competent in accordance with National Treasury requirements.

Equitable Share R61 447 000

This grant is used solely for subsidizing the indigent community of Ndlambe through Councils Indigent Policy. All basic services provided for under the indigent policy are subsidized through the grant so that there is no cross subsidization from other areas.

Municipal Systems Improvement Grant R934 000

This grant assists the municipality in focus areas such as financial viability, property rates and ward committee systems. The grant is a conditional grant as is to be spent as per the budget allocation made by government.

**ALLOCATIONS & GRANTS MADE BY
MUNICIPALITY**

8) ALLOCATIONS AND GRANTS MADE BY NDLAMBE MUNICIPALITY

Allocation to crime prevention	R475 000
Pauper Burial	R370 000

The above are the only allocations and grants budgeted for by the municipality. During the financial year, Council may resolve to make further allocations or grants based on the merits of the applicant.

References

1. Include "Loans and advances" where applicable if any reportable amounts until phased compliance with s164 of MFMA achieved
2. s57 of the Systems Act
3. In kind benefits (e.g. provision of living quarters) must be shown as the cost (full market value) to the municipality, as part of the relevant allowance
4. B-A, C/B, D-C, E/C, F/C, G-D, H/D, VD
5. Must agree to the sub-total appearing on Table A1 (Employee costs)
6. Includes pension payments and employer contributions to medical aid
7. Correct as at 30 June

Column Definitions:

- A and VD: Audited actual as per the audited financial statements. If audited amounts are unavailable, unaudited amounts must be provided with a note stating these are unaudited
- D: The original budget approved by council for the budget year.
- E: The budget for the budget year as adjusted by council resolution in terms of section 26 of the MFMA.
- F: An estimate of final actual amounts (pre audit) for the current year at the point in time of preparing the budget for the budget year. This may differ from E.
- G: The amount to be appropriated for the budget year.
- H and I: The indicative projection

**SERVICE DELIVERY AND BUDGET
IMPLEMENTATION PLAN (SDBIP)
2014/2015**

SERVICE DELIVERY AND BUDGET IMPLEMENTATION PLAN

Introduction

The Service Delivery and Budget Implementation Plan (SDBIP) gives effect to the Integrated Development Plan (IDP) and budget of the municipality and will be possible if the IDP and budget are fully aligned with each other, as required by the Municipal Finance Management Act (Act 56 of 2003) (MFMA).

The budget gives effect to the strategic priorities of the municipality and is not a management or implementation plan. The SDBIP therefore serves as a "contract" between the administration, council and community expressing the goals and objectives set by the council as quantifiable outcomes that can be implemented by the administration over the next twelve months. This provides the basis for measuring performance in service delivery against end-of-year targets and implementing the budget.

The SDBIP concept

The SDBIP provides the vital link between the mayor, council(executive) and the administration, and facilitates the process for holding management accountable for its performance. The SDBIP is a **management, implementation and monitoring tool** that will assist the mayor, councillors, municipal manager, senior managers and community. A properly formulated SDBIP will ensure that appropriate information is circulated internally and externally for purposes of monitoring the execution of the budget, performance of senior management and achievement of the strategic objectives set by council. It enables the municipal manager to monitor the performance of senior managers, the mayor to monitor the performance of the municipal manager, and for the community to monitor the performance of the municipality. This enables the mayor and municipal manager to be pro-active and take remedial steps in the event of poor performance. The SDBIP aims to ensure that managers are problem-solvers, who routinely look out for unanticipated problems and resolve them as soon as possible. The SDBIP also enables the council to monitor the performance of the municipality against quarterly targets on service delivery.

The SDBIP legislative context

The MFMA defines the SDBIP as a detailed plan approved by the mayor of a municipality in terms of section 53(1)(c)(ii) for implementing the municipality's delivery of municipal services and its annual budget.

MFMA Extract

Budget processes and related matters

- 53.(1) The mayor of a municipality must-
- (c) take all reasonable steps to ensure-
 - (ii) that the municipality's service delivery and budget implementation plan is approved by the mayor within 28 days after the approval of the budget.

Budget implementation

69.(3) The accounting officer must no later than 14 days after the approval of an annual budget submit to the mayor-

(a) a draft service delivery and budget implementation plan for the budget year.

2014/2015

**APPROVAL OF THE SERVICE DELIVERY AND BUDGET IMPLEMENTATION
PLAN**

The Service Delivery and Budget Implementation Plan for 2014/2015 as set out below is hereby approved in terms of section 53(1)(c)(ii) of the MFMA.

Cllr S Tandani
Mayor

MUNICIPAL MANAGER

SDBIP (Service Delivery and Budget Implementation Plan)

References												
1. Positive cash balances indicative of minimum compliance - subject to 2												

References

1. Positive cash balances indicative of minimum compliance - subject to 2
2. Deduct cash and investment applications (defined) from cash balances
3. Indicative of sufficient liquidity to meet average monthly operating payments
4. Indicative of funded operational requirements
5. Indicative of adherence to macro-economic targets (prior to 2003/04 revenue not available for high capacity municipalities and later for other capacity classifications)
6. Realistic average cash collection forecasts as % of annual billed revenue
7. Realistic average increase in debt impairment (doubtful debt) provision
8. Indicative of planned capital expenditure level & cash payment timing
9. Indicative of compliance with borrowing 'only' for the capital budget - should not exceed 100% unless refinancing
10. Substantiation of National/Province allocations included in budget
11. Indicative of realistic current arrear debtor collection targets (prior to 2003/04 revenue not available for high capacity municipalities and later for other capacity classifications)
12. Indicative of realistic long term arrear debtor collection targets (prior to 2003/04 revenue not available for high capacity municipalities and later for other capacity classifications)
13. Indicative of a credible allowance for repairs & maintenance of assets - functioning assets revenue protection
14. Indicative of a credible allowance for asset renewal (requires analysis of asset renewal projects as % of total capital projects - detailed capital plan) - functioning assets revenue protection

COMMENTS

Ndlambe Municipality , PORT ALFRED

9 April 2014

FOR ATTENTION : Mr M Madlede, Mr F Fouche

Further to the meeting at the Civic Hall on 7 April 2014 at 17:30, I wish to raise the following points:

- 1/ The dump site in Port Alfred is in a complete state of chaos 90% of the time. There is no specific allocated places for people to dump hence there is no control.
- 2/ The road leading to the dump is absolutely atrocious and nobody can go via SANTA because there is virtually no road.
- 3/ Only Port Alfred residents have to pay at the dump as there are no other weigh bridges in the other Ndlambe outlying sites.
- 4/ The weigh bridge is too small to take large vehicles and trailers.
- 5/ As a garden service we spend plus/minus R300 per month on tyres because of sidewall punctures etc.
- 6/ The access to the dump site is now virtually useless because the expensive fencing around it has and is being vandalised as it appears there is no management or security at the dumpsite.
- 7/ The proposed rates for businesses i.e. garden services, building contractors, excavators is outrageous as they all do a service for ratepayers of Port Alfred. A fixed fee per month tabled at another meeting might be better.
- 8/ Paying cash at the dumpsite is a risk for both contractor and the municipality because it will increase the risk of theft. How would the payments be controlled at the dumpsite?
- 9/ It should also be considered that all the garden services clean and cut all verges for our customers which should be done by the municipality. These are some of the objections raised by the residents who attended the meeting. We as Port Alfred business people and residents would also prefer advertising in our local newspaper Talk of the Town even though it is not a free issue most of the Port Alfred crowd read it. Thank you for explaining Ndlambe Municipality view on the reasoning for the proposed fee at our dump.
- 10/ Another concern is the backing up of traffic at the weigh bridge because there is only one bridge and a lot of residents and businesses who use the site daily. The businesses cannot afford the time wastage.
- 11/ We also need clarity of exactly what the R20-00 environmental levy covers as we pay a substantial amount to have our domestic waste bags removed, which should include some dump site management.
- 12/ Also bear in mind that charging residents to dump at the dumpsite could lead to a lot of illegal dumping in and around the town.
- 13/ Some businesses would be forced to close their doors and thus add to the ever increasing unemployment in the town.

22nd May, 2014

Ndlambe Municipality
Port Alfred
Attention: Municipal Manager
Financial director

Dear Sirs,

Once again the draft budget for rates in Ndlambe is double the inflation rate and the government guidelines. The Ndlambe Rate Payers Forum cannot accept the proposed 12% increase in property rates. This together with the increase in property valuations in this financial year means a real increase to ratepayers far above the 12% in their rates costs. How can this be when the official inflation is less than half of this proposed increase. The government guideline is a 6.6% increase, also less than half of your proposal. We understand that the proposed budget is expected to be cut due to objections from ratepayers. We propose that an increase of 8% is more realistic.

The proposed maintenance budget seems hopelessly inadequate especially considering the current condition of our assets. Due to the short-sighted removal of capital items from previous budgets our maintenance cost must increase. With a guideline of 14% of budget for maintenance this budget is totally inadequate. We will continue to see a poor level of asset maintenance unless this item is increased.

It is critical to note that the Ndlambe domestic ratepayers base is largely made up of pensioners. Pensions only increase on average between 2.5% and 5% and some do not increase at all. If property rates continue to increase by over 10% each year these members of our community who carry the major rates burden of the whole of Ndlambe will not be able to continue to afford to live in Ndlambe. You cannot continue to load double digit increases on the shoulders of these few residents. Please consider the exponential effect on ratepayers when these double digit increases are forced on us every year.

Our belief is that with more effective financial control and discipline by municipal management, this budget can be reduced substantially to ease the financial burden on the ratepayer. Proper management of staff productivity would also save substantial amounts of money.

A working performance management system should have been implemented in 2001 in Ndlambe municipality. If this system had been in effective operation in this last financial year alone, the savings to our area through better handling of staff and financial issues could have been substantial.

The Ndlambe Ratepayers Forum appeal to you and your management team to implement an effective performance management system. Proper appraisal and discipline of all employees will ensure that ratepayers are not footing the bill for badly performing staff.

Yours Sincerely,

T V Cockbain (Chairman)

000044

Again we notice that digital cameras feature. Raises the question how many digital cameras have been purchased over the years.

- Recording system

In the 2013/14 financial year an amount of R161,389 budgeted for a recording system and repeated again for the 2014/15 financial year for R152,975.

We realise the above examples make out a small portion of the budget, but is given as examples to strengthen our contention that:

- There is always "fat" that can be cut to trim a budget;
- Too easily items are placed on the budget: What I want and not what I need.

2. Decrease in grant funding.

The Chief Financial Officer explained the challenges, in the years ahead, facing the Municipality with grant funding being progressively reduced. *It is our considered opinion that income from Ratepayers can never be increased to such an extent to make-up for the shortfall caused by reduced grant funding.*

This inability for Ratepayers to make-up for the reduction in grant funding will eventually lead to Municipalities becoming dysfunctional leading to increasing service delivery (often violent) protests.

3. Balancing the budget.

The tendency is to cut expenditure to balance the budget.

With outstanding debt approaching R100 m., rather than attempting to cut expenditure the recovering of money owed to increase income, should be a top priority and vigorously pursued, according to section 7.6.1 of the Credit Control and Debt Collection policy.

4. Proposed increase of rates.

Although the current CPI is about 6%, we realise that this does not reflect the increase in costs facing a Municipality: Fuel, Electricity, material etc. By the same token a pensioners CPI index, considering his main expenditure: fuel, food, electricity, medical, insurance, municipal rates etc. are all well above 6%.

Unfortunately pension funds also use the CPI figure to determine increases in pension pay out leaving the ordinary pensioner every year in an increasing financial disadvantaged situation.

Kenton and Bushmans

Road maintenance budget been cut that there is no money now for maintenance

The point raised is correct and the maintenance budget for roads has once again been cut to bring the increase to consumers down and the municipality will once again be depend on sourcing grants to assist with roads throughout Ndlambe.

How do we source money for infrastructure

The municipality continues to seek grant funding to deal with all infrastructural matters. The MIG funding and the EPWP funding are two examples of funding.

IDP 103 – R10 million upgrade roads – Kenton is missing

The point raised is noted and this will be corrected to include Kenton

What is a street cleaning simulator?

This is a project that is funded and deals with education and cleaning up the area

Estuary care asked that the municipality consider dry bones valley and to remove a sand dune that is impacting on the river but note that it is not in IDP.

The point raised was noted and it will once again be considered

Removal of all cattle goats and pigs not include in the IDP for the Kenton Ward

It was explained that the project in the IDP was a pilot project but all wards will be targeted in the long run

Rehabilitation of roads under parks and recreation in the IDP - why?

This is an error and will be corrected

Fire and emergency for Bushman's – and satellite – what is this about can the building still be established and is the funding enough

How does Kenton get some road paving done like in Port Alfred – mainly the main roads

All residential properties receive a 20% rebate on the general rate that we refer to as the business rate.

As business pay the higher rate and all rebates for other categories of property are based on this rate we refer to it as the business rate. The municipality will look at this matter and see if the name should change to general rate.

The 45% under pensioners includes the 20% and this will be noted in the table at the back of the rates policy where it is stated that the 45% rebate is on the business rate.

Do away with all blue flag beaches

This is a debate that has continued for many years and there will always be supporters of the blue flag beaches and people that do not support blue flag beaches. Council will always consider both views and come to a decision that they feel will benefit Ndlambe

What is % of salary and wages on the overall expenditure budget

At present salaries is 39% of the total expenditure budget

What debt is over 90 days (Send to Mr Gaily)

What is the ratio of recovery on rates

What has been recovered --

All heads answer correspondence – no replies

How can you increase rates for sewer when you not providing a service – could not get tanker to Milk-Woods

There are challenges with breakdown with the sewer tankers from time to time that could result in the service not being able to be delivered on the day. Consumers are urged to monitor their tanks and contact the municipality timeously to request a pump-out and not to request for a pump-out on the day their tank starts to overflow.

Salaries – why big % splits – do we look bottom line

Yes, we always consider the bottom line when budgeting and salaries is always an area that we look at and try to contain the percentage of the overall budget within the norm.

Are we using drip waters as a part of credit control as stated in the policy

No not at this stage. The process has started to acquire water meters that can be used to restrict supply.

What does treasury recommend 6 % increase and should we not be at that %

Treasury does issue the guideline and yes the ultimate would be to have all increases around the guideline. It is not always possible to be close to the guideline when certain increases the municipality has to absorb is far higher than the guideline. Examples are electricity increases, water increases, increases in fuel and salary increases.

The draft budget is double the inflation rate and the government guidelines and the Ndlambe Rate Payers Forum cannot accept the proposal as the increase together with the increase in property valuations means a real increase to ratepayers far above the 12% in their rates costs. The Ndlambe Rate Payers Forum propose a 8% increase.

I have addressed the issue regarding Treasury guidelines in a previous question above but I do not understand the statement regarding the increase in valuation resulting in a real increase far above 12%. Valuations on properties have no impact on how rates are budget for as valuations are only used to determine how much each rate-payer will be required to pay towards the rates budget.

The proposed maintenance budget seems hopelessly inadequate especially considering the current condition of our assets. Due to the short-sighted removal of capital items from previous budgets our maintenance cost must increase. With a guideline of 14% of budget for maintenance this budget is totally inadequate. We will continue to see a poor level of asset maintenance unless this item is increased.

I agree with the issues raised but due to previous budget cuts to reduce the percentage increase to the level that was acceptable to the citizens of Ndlambe the maintenance and capital budgets have suffered.

To get the maintenance percentage back to around 14% that we would all like to see achieved and to get a realistic capital budget into the budget, citizens of Ndlambe would need to accept tariff increases that are far higher than the recommended increases. If we are to reduce the proposed increases the capital and maintenance budgets could once again suffer.

It is critical to note that the Ndlambe domestic ratepayers base is largely made up of pensioners. Pensions only increase on average between 2.5% and 5% and some do not increase at all. If property rates continue to increase by over 10% each year these members of our community who carry the major rates burden of the whole of Ndlambe will not be able to continue to afford to live in Ndlambe. You cannot continue to load double digit increases on the shoulders of these few residents. Please consider the exponential effect on ratepayers when these double digit increases are forced on us every year.

These factors are always taken into account and considered when preparing a budget as are many other factors. When preparing a budget all citizens of Ndlambe are considered as are the levels of services that all citizens of Ndlambe receive.

Our belief is that with more effective financial control and discipline by municipal management, this budget can be reduced substantially to ease the financial burden on the ratepayer. Proper management of staff productivity would also save substantial amounts of money.

The Ndlambe Municipality invited the Ndlambe Rate Payers Forum to be involved in the budget process and that would have given them the opportunity to input in the process and also to debate on the points that they have raised but unfortunately their involvement did not happen.

QUALITY & LOCKED
CERTIFICATES

Quality Certificate

I, LAZOLA MANEHI Acting, municipal manager of NOLAMBE municipality (name of municipality), hereby certify that the Annual budget and supporting documentation have been prepared in accordance with the Financial Management Act and the Regulation made under the Act, and that the annual budget and supporting documentation are consistent with the Intergrated Development Plan of the municipality.

Print Name LAZOLA MANEHI
Municipal Manager of NOLAMBE Municipality (name and demarcation code of municipality)
Signature [Signature]
Date 3/6/2014

Certification that the annual budget for 2014/15 is correctly captured and locked on the municipality's financial management system

(as requested by National Treasury in terms of section 74 of the MFMA, with reference to paragraph 6.3 of MFMA Budget Circular 59 dated 16 March 2012)

I, LAZOLA MANELI, in my capacity as accounting officer of the municipality, hereby certify that:

- The annual budget has been captured on the municipality's financial system;
- There is 100 per cent reconciliation between the budget on the system and the budget approved by council;
- The annual budget on the municipality's financial system is locked and will not be changed as it serves as the baseline against which to monitor and measure performance; and
- The relevant budget return forms have been submitted to the local government database.

I, further certify that the municipality has in place controls to ensure that any changes to the annual budget will be captured separately and only in accordance with:

- a virement authorised by the municipal manager, or duly delegate official, in terms of a council approved virements policy; and
- an adjustments budget approved by council.
